KEOKUK, IOWA.

# Introductory.

In presenting this, the fourth edition of the Alton City Directory, under the same management, the publisher desires to thank all who have been instrumental in making the book what it is; the business and professional men for their support, and the private citizens for the unvarying courtesy with which they received the canvassers and the intelligent information furnished. Alton is growing in every way, and is a city that every citizen may well be proud of. The population of Alton, Upper and North Alton is about 24,000.

It is with reasonable certainty that this work will be received with the same favor as our previous publications, and trusting that when the time arrives for the compiling of a new work, the same liberal support will be given as heretofore.

W. H. McCOY,  
Publisher.
